Installation Instructions

1. Remove original plastic engine cover

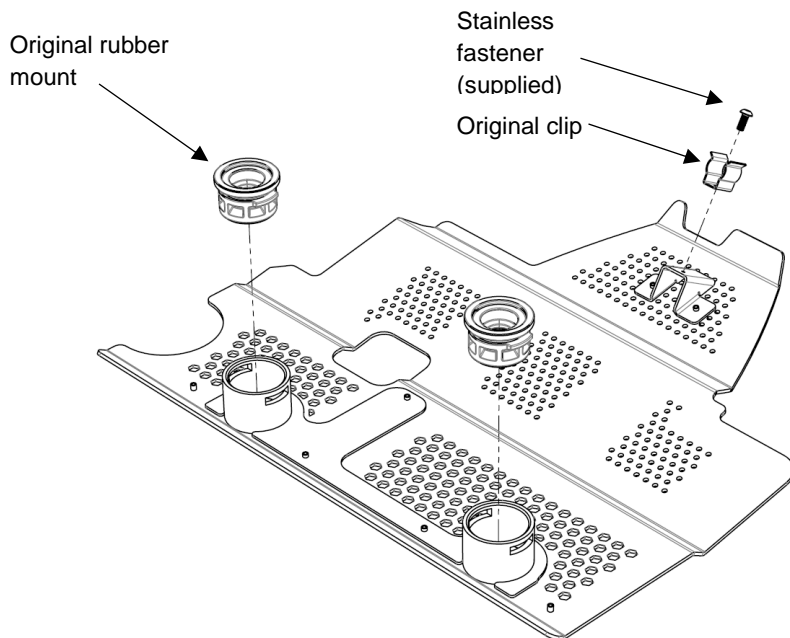

- 1.1 The plastic cover is secured by one clip and two rubber mounts. Gently pull the cover upwards to release.
- 1.2 Remove the rubber mounts from the plastic cover, these will be reused.
- 1.3 Remove the metal clip from the plastic cover, this will be reused.

2. Install the DaveFab engine cover

- 2.1. Fit the two original rubber mounts to the stainless steel mounting bosses.
- 2.2. Fit the original clip to the stainless steel mounting bracket using the supplied fastener.
- 2.3. Position the cover over the engine, locating the clip and the two rubber bosses. Gently push downwards to secure it in place.
